

Jobs

1. These people are at work. What job do you think each person does?

2. Translate to French.

I am very proud of my dad because he is a firefighter who helps many people. My mom also saves lives because she works as a doctor in the hospital in the city centre. My mom has a high salary although she is very busy. My sister works part-time as a hairdresser and gives me free haircuts sometimes. My dream job is to be a farmer in the countryside because I imagine it to be very relaxing.
